Re: Public Records Request

Pursuant to your Request of specific information from the Medford Police Department, the Department provides the following response:

"Any documents detailing a security presence in public elementary, middle, and high schools, including documents regarding police tactics in public schools and records of arrests/citations given to students"

According to the Public Records statute Ch. 66 sect. 10, exemption n,

"records, including, but not limited to, blueprints, plans, policies, procedures and schematic drawings, which relate to internal layout and structural elements, security measures, emergency preparedness, threat or vulnerability assessments, or any other records relating to the security or safety of persons or buildings, structures, facilities, utilities, transportation, cyber security or other infrastructure located within the commonwealth, the disclosure of which, in the reasonable judgment of the record custodian, subject to review by the supervisor of public records under subsection (c) of section 10 of chapter 66, is likely to jeopardize public safety or cyber security. "

As to part 1 of the request, the disclosure of the requested documents, detailing security presence in Medford Public Schools including police tactics with said schools, is likely to jeopardize public safety, i.e. the safety and security of students, faculty, staff, and visitors of said public schools; as well as the safety and security of members of the police department.

As to part 2 of the request, Juvenile delinquency case records are exempt from public disclosure per MGL Ch 119 sect 60A.
